2009-2010 Season Summary

Thursday, April 01, 2010, 12:40:00 PM | admin 

Groomer Fleet:We are making a very serious effort to obtain newer equipment and eliminate many of the breakdowns we always seem to have. We currently have (7) large-tracked Groomers.• We sold our 1993 Bombardier BR-160.• The 2005 Tucker Terra Sno-Cat we purchased from upper Michigan got a new paint job, thanks to member Bill Ottaway at his Auto Body shop.• The 1997 Tucker Sno-Cat we got from Wisconsin at the end of last season ran well and took care of the Mayville area.Please help out our Groomer Fund! All donations to the Groomer Fund are greatly appreciated and tax-deductable!Gas Tax Refund:Please go inside every time you purchase gas for your snowmobile, sign the signature page, and put your receipt (or a copy of it) in the envelope. We can get 8 cents back on every gallon from Albany. The paperwork is a real pain and it takes 3-4 months for us to get the refund. For the average person it is definitely not worth the effort, but it is for us. Please support us by signing the signature page and leaving your receipt. Thank You.Events:• All-Club Ride-In at Stockton was a large success. New York State Senator Cathy Young, Chautauqua County Executive Greg Edwards, and others attended.• Ice Castle Weekend was a great success! I hope most of you were able to visit and see the ice castle that volunteers built and did such a marvelous job. It stood for many weeks after. The Flare Ride was awesome, thanks to member Joe Notaro and his helpers. Saturday's fireworks were great! The Club earned extra money through snowmobile ride donations and manning a large parking lot.• The Hot Dog Roast, Pancake Breakfast and Dinner Rides were also nice activities.• Yamaha Demos went well at the Clubhouse.Membership:At last count was over 1,925 Family Memberships. Our Club continues to grow.Trail Sponsor Bonus Program:Getting discounts at local businesses is a no-brainer deal to save you money, especially if you are coming from Ohio or Pennsylvania and need lodging and purchase every meal here.

Season End Party

Thursday, April 01, 2010, 12:31:00 PM | admin 

The Season End Party will be Saturday evening, April 24, 2010 at the Sherman Volunteer Fire Hall. Doors open at 4:30 pm. Dinner is at 6:00 pm. The Party lasts until everybody gets tired and goes home. We will have a catered buffet with great food choices.Club member D.J. "Digital Max" (Clay Jaynes) will return for music: Golden Oldies, Disco, 80's,

Current, or Country? Make a request for your favorite tune(s) while you eat and chat with your neighbors. There will be Door Prizes, a 50/50 Raffle for our Groomer Fund, and 10 free Memberships (must be in attendance). Club Members: \$5 per person. Pay at the door. Please, if you are able, e-mail Paul Weatherlow at paulweatherlow@roadrunner.com and let him know who you are and how many are coming. If it is not possible for you to e-mail, call 716-753-2924 or 716-326-4772 and leave a message. There will be good food, good company, good music, and a chance for a Door Prize or the 50/50 Raffle, or a free membership. Please join us if you can.

Trails Closed For The Season

Thursday, April 01, 2010, 12:30:00 PM | [admin](#) 

All trails are currently closed for the season and the signs are pulled. Thank you to all the members who volunteered their time and everyone who chose to make the Chautauqua trail system your trail of choice. It was a very successful year with trails being open nearly all season. We hope to see you all next year and look forward to meeting more people at our trail cleanup parties in the fall of 2010.

 [Comments \(0\)](#)

Trails Closed - Conditions Poor

Wednesday, March 10, 2010, 9:07:00 AM | [admin](#) 

Trails are currently closed due to the warm weather. Some base is still left however some areas are totally mud and impassable. With the temperatures forecast to be near 60 and rain through the weekend trails will remain closed unless we receive a surprise snowstorm with enough snow to bring back a base. If the trails reopen this year we will post a message here, if not we look forward to seeing you at the fall cleanup for next year.

We do need help working this event on both days, please contact Jeff Richards @ 716-753-6960 for schedules.

 [Comments \(0\)](#)

Trails Open - Conditions Fair/Excellent

Saturday, March 06, 2010, 11:19:00 PM | [admin](#) 

Trails are currently open and conditions range from fair to excellent depending on where you are. Trails West of the lake still have a little more snow than those East of the lake. Intersections at the highways are dirt and water because of the road salt but there is still two feet of snow in the woods and some fields depending on where the sun is shining. Trails will remain open as long as the majority of the system still has base left. With warm temps in the forecast and warmer temperatures at night, the trails will begin to deteriorate rapidly this week. Because of the warmer temperature grooming could be very limited if the temperatures at night do not get cold enough. Go out and have some fun while you still can!

 [Comments \(0\)](#)

Trails Open - Conditions Excellent

Monday, March 01, 2010, 9:59:00 AM | admin →

Trails are open and the total snowfall from the storm (Friday-Sunday) was 24 inches in Mayville. Some areas received even more snow so be careful if you get off the trail because you might get stuck and we wont find you until spring. Total on the ground starts at 33 inches and goes up from there depending on where you are. Groomers are still trying to catch up but for the most part trails are in excellent shape and should remain that way through at least the first weekend in March.

 [Comments \(0\)](#)

Trails Open - Conditions Good

Friday, February 26, 2010, 12:23:00 PM | admin →

Trails are open at this time with the area receiving anywhere from 9-12 inches of new snow to go on top of the good base we already had in most spots. It's still snowing and it's expected to snow a little more through the upcoming weekend. Because of the new snow groomers will have to wait to go out until trails are packed down a little by the snowmobiles. Things could be a little bumpy this weekend but still in good condition so get out there and ride so we can smooth things out.

NY DMV Closed Saturdays For Remainder Of Season

Tuesday, February 23, 2010, 7:35:00 PM | admin →

NY DMV Offices will be closed on Saturday for the remainder of the snowmobile season. www.post-journal.com/page/content.detail/id/551943.html

 [Comments \(0\)](#)

Trails Open - Condition Good

Monday, February 22, 2010, 9:12:00 AM | admin →

Trails are open at this time although rain and seasonal temperatures are expected on Monday. This will impact the trail system a little, but shouldn't be enough to close the trails. They are saying colder temps and more snow after the day of warm weather so hopefully trails will be in decent shape for this next weekend. As of right now some portions of the trail system are excellent and others are bare because of traffic and warmer weather over the weekend. Overall trails are still very rideable, we will update conditions before next weekend.

STATE "RAID" ON SNOWMOBILE TRAIL FUND

Friday, February 19, 2010, 12:40:00 AM | admin →

YOUR ACTION IS NEEDED! Please read this message and act by sending a letter to the Governor. We cannot let them take our funds set aside for snowmobiling. Governor Paterson has proposed in his 2010 Executive Budget to "sweep" \$5 million dollars from the snowmobile trail development and maintenance fund into the general fund over the next several years. What you may not be aware of is that the Governor proposes to sweep \$1 million from the trail fund this current fiscal year! This unprecedented sweep, coming less than two years after a previous attempt to take \$1 million during the 2008-2009 budget process. This unprecedented sweep is being proposed less than two years after a previous attempt to take \$1 million during the 2008-2009 budget process was avoided with the understanding by NYSSA and its supporters that similar raids would not be attempted in the future. Governor Paterson stated in a press release at the time that the state would "ensure that money from these registration fees will be spent in a way that specifically benefits snowmobilers... solely on trail maintenance and related program activities." If not amended by the Legislature, the Executive Budget will redirect \$1 million from the Snowmobile Trail Development and Maintenance Fund to the state's General Fund each year, and expand the authorized uses by the state of these funds. This will have a tremendous negative impact on trail maintenance activities as the loss of these funds reduces the reimbursement rate clubs get per mile for the costs of trail maintenance. One million dollars represents over 20% of the total trail fund monies and is far in excess of what the state needs to maintain and develop the minimal trail mileage on state lands. Every snowmobiler needs to take action immediately by writing the their legislators and the Governor to head off the snowmobile trail fund raid this year! Please write a letter to each one to ensure they know how many people from their districts are opposed to this action. If you utilize an example letter below, it is critical that you personalize your letter with your own comments on this matter in a clear and respectful manner. Example letter to Governor Paterson (MS word format) Example letter to Governor Paterson (Text file) Example letter to your State Senator or Assembly Member (MS word format) Example letter to your State Senator or Assembly Member (Text File) Find your NY State Senator contact information here, Find My State Senator Find your NY State Assembly Member contact information here, Find My Assembly Member To view NYSSA President Mike Fischer's letter to legislators this week click [HERE](#) To view Governor Paterson's July 10, 2008 press release click [HERE](#)

Trails Open - Conditions Excellent

Wednesday, February 17, 2010, 11:23:00 PM | admin →

Come out and ride! Trails are still in great condition with groomers going out on a regular basis. As of 2/17 we are getting even more snow, which should add a fresh few inches before the weekend. There is still ice under the base around corners so be careful through the woods and stay RIGHT. The ice castle is still standing for those who haven't seen it yet.

Items Needed For Our Clubhouse

Wednesday, February 17, 2010, 1:01:00 PM | admin →

We need a 220 volt air compressor for the garage at the clubhouse to run our air tools. We don't want to spend too much money but we are looking for a 60 Gallon 7HP compressor with at least 11.8 SCFM. If you have something similar, please contact us with a good price or donation. As most of you know we run on the honor system for candy and pop in our clubhouse refrigerator. This system hasn't been working as we've only been collecting 50 dollars for every 100 we spend on refreshments. We're currently looking for a candy vending machine or a newer more energy efficient pop

machine. We would love a donation but would consider buying one for cheap if you have one available. One machine with a combination candy/pop would be great if someone knows of one for cheap. Contact us via email by viewing our Club Information page

Pancake Breakfast - 2/20 From 9AM - 11AM

Monday, February 15, 2010, 9:24:00 AM | admin →

We will be having our annual pancake breakfast on Saturday 2/20 from 9AM-11AM at the clubhouse. Trails will be in great shape so please stop by and have breakfast with us and be sure to drop a few bucks in the donation can. These donations go directly into the trail system you ride on.

 [Comments \(0\)](#)

Trails Open – Conditions Excellent

Friday, February 12, 2010, 10:28:00 AM | admin →

Finally!! After grooming 3 weeks of stale worn out snow Mother Nature has graced us with a fresh 6-12 inches of snow in the areas that were marginal. Groomers have been out in full force trying to smooth out the trails for the weekend. With all the new snow, conditions should be super nice for the weekend so be sure to come out and enjoy all the events we have going on with the ice festival and all club ride-in. There is still ice under the snow and hidden dangers under the powder so be careful and stay on the trails. There will also be lots of families out this weekend so stay RIGHT and slow down through the woods and around corners.

 [Comments \(0\)](#)

Fun Club Events For (2/13 - 2/14)

Monday, February 08, 2010, 10:14:00 AM | admin →

The upcoming weekend of 2/13 - 2/14 is the annual Ice Castle Extravaganza. Stop by the lakeside park for a bite to eat, ride the groomers, watch fireworks and view the ever growing ice castle! Ton of events that are very fun for the entire family so bring everyone out to have a good time. To find a full event schedule, please view the Chautauqua Lake Chamber of Commerce website Click [HERE](#) We also need help giving snowmobile rides and directing traffic across the street from the park. If you can help us out with either of these activities please email our Events director to sign up for a time with the following email address. clscevents@chautauquasnow.com We will also be having our annual all cub ride in on 2/14 at the fireman's fairgrounds in Stockton from 11AM-3PM. We'll have plenty of food from local companies like stews, hot dogs and much much more. Stop by and get a bite to eat on the trail and don't forget to donate to the groomer fund cans.

 [Comments \(0\)](#)

Trails Open - Conditions Holding

Monday, February 08, 2010, 10:13:00 AM | admin →

Trail conditions are still holding but conditions are very marginal in some spots because of the lack of snow. Some corners and trails are down to dirt while others are in good shape with plenty of base to groom. We are still grooming some trails at this time to smooth out the bumps and trying to drag snow from the woods to fill in some bare spots.

Snow and cold temps are in the forecast for the rest of the week so hopefully we get some much needed snow.

 [Comments \(0\)](#)

Trails Open - Conditions Improving

Friday, February 05, 2010, 9:45:00 AM | [admin](#) 

Trails are still open and should remain so for a while with cold temperatures in the forecast. We have received a few inches of new snow but we still need more to improve conditions throughout the entire county. Conditions are excellent in some places and marginal in others because of the low snow cover. Groomers have been out doing what they can to smooth things out but there are still some holes in places and lots of ice so be careful. Overall it should be a good weekend to be out there riding. Be sure to stop by the clubhouse to check out the new 2011 Yamaha Snowmobiles. Yamaha is the first manufacturer to bring Power Steering to the snowmobile market, stop by and test out this new technology.

 [Comments \(0\)](#)

\$2 Bills For Presidents Day

Sunday, January 31, 2010, 6:29:00 PM | [admin](#) 

Please note that the Lake Shore Savings bank will have a supply of \$2 bills on hand the week of Presidents Day for all snowmobilers to purchase. The NYSSA has asked that these bills be used by snowmobilers when making snowmobile related purchases to bring to light the amount of dollars the sport of snowmobiling brings to our economy.

 [Comments \(0\)](#)

Trails Open - Conditions Improving

Saturday, January 30, 2010, 2:02:00 PM | [admin](#) 

Trail system is open and conditions are improving. The cold weather and a little snow have allowed us to get the groomers out to smooth some of the rough areas. There is still lots of ice and some water holes are open so be careful. Some of the fields have blown bare because of the high winds over the past few days, so grooming areas have been limited to where there is snow. Some trails have more snow than others but overall conditions are starting to improve nicely. Hopefully we get more snow this week and the trails should reach a good status by next weekend.

Trails are currently closed due to rain and warm weather and lack of base. The 3+ feet of snow we received a few weeks ago is pretty much down to nothing and the current base on the trails is not enough to support riding. Colder temperatures are expected to return this week, so hopefully we'll get enough snow to ride soon.

 [Comments \(0\)](#)

Bonfire Ride In Brocton - Canceled

Friday, January 22, 2010, 1:56:00 PM | admin →

Unfortunately, due to the lack of snow the bonfire ride in Brocton has been canceled.

 [Comments \(0\)](#)

Trails Open - Conditions Very Marginal

Friday, January 22, 2010, 1:47:00 PM | admin →

Trails are still open at this time but they will be closing on Sunday night because of thin snow cover on the trails. Very warm temperatures are expected on Sunday(1/24), which will require their closure until further notice. Cooler temperatures are expected after the warm up and Lake Erie is open again, so LE snow warnings could return.

 [Comments \(0\)](#)

2011 Yamaha Demo Days @ CLSC (02/06 - 02/07)

Monday, January 18, 2010, 9:59:00 AM | admin →

We are happy to announce that Yamaha Motor Company will be at our very own CLSC clubhouse on February 6th and 7th to showcase their new snowmobiles for the 2011 season. Take advantage of this opportunity to ride some of the newest and coolest sleds on the market. These new sleds are being releases on 2/2 and have been rumored to be the first ever snowmobiles with power assisted steering. No matter which OEM you like, an introduction of something like this is a must see. As we know ATV's have been popping up all over with power steering, be one of the first people in the country to try this new technology. We will post more details here after the models are released so you know what to expect at the Demo Event!!

 [Comments \(0\)](#)

Trails Open - Conditions Marginal

Monday, January 18, 2010, 9:34:00 AM | admin →

Trails are still open at this time and we do not anticipate having to close them but conditions have deteriorated greatly

from what they were a couple of weeks ago. Warm weather and traffic has beat up the base pretty bad and it's been to warm for grooming. There is cooler weather in the forecast so hopefully we will be able to get the groomers out at night to smooth things out. We need more snow and cold temps to return so some of the holes can freeze back up.

 [Comments \(0\)](#)

Trails Open - Conditions Still Holding

Thursday, January 14, 2010, 8:47:00 PM | [admin](#) →

Warmer temperatures have moved into the region, not good news for the base we just set. Temperatures spiked in the mid 40's today making a lot of the snow settle. Trails are still fine as of right now but with warmer temps expected into the weekend the base will start to get mushy and some holes might open back up. If its too warm please take it easy so we dont ruin the base we have. Hopefully the colder weather will return soon.

 [Comments \(0\)](#)

French Creek Bonfire - (1/16/2010)

Thursday, January 14, 2010, 12:07:00 PM | [admin](#) →

A bonfire will be held at the property of Rick and Dot Barnes January 16th from 1-4PM. The location is about 300 yards from the French Creek Tavern heading toward Clymer on the C4 trail. It is also the first place on the left of Redding Road as you leave the Tavern. Signs will be posted on the day of the event. Chili, hot dogs, and pop free for all club members (as supplies last). Donations for the groomer fund are appreciated. Hope to have a couple of club groomers there available for the kids to ride in. Family fun event, hope to see you all out there...

 [Comments \(0\)](#)

Trails Open - Conditions Improving

Tuesday, January 05, 2010, 1:33:00 PM | [admin](#) 

All trails are open with more than adequate snowfall for riding and grooming. Portions of the area have over two feet in spots, so beware of things under the snow. Groomers are out but with all the powder snow and wind, it's been difficult to get a good base going. Conditions will continue to improve over this week once things freeze and the snow settles down. Trails should be Good++ by the weekend.

 [Comments \(0\)](#)

Trails Open - Fair Condition

Sunday, January 03, 2010, 12:33:00 AM | [admin](#) 

Overall trails are in fair condition with the majority of snow falling south around French Creek/Clymer and over east around Ellington. Trails up north have limited snow and are somewhat marginal. Heavy snow was falling around French Creek as of 9PM. Things are a little bumpy out there but some places are really nice. Not enough snow in some places for the groomers to be out in full force, so you'll have some bumps. If it keeps snowing like it is now they'll have enough snow down south to get some serious grooming done. The snow is the white fluffy kind so groomer work will not be the best but should help a little. There are some holes out there still, but things are freezing up nicely. Trails are in fair condition with some spots being better than others. With more snow expected this week and cold temps in the forecast Trails might reach a "Good" or better status by next weekend.

CLSC Clubhouse Annual Weiner Roast - (01/02/2010)

Thursday, December 24, 2009, 3:35:00 PM | admin →

We are having our annual clubhouse weiner roast on January 2nd at the CLSC clubhouse on Hannum Road. The roast will be held from 1-3PM or until we run out of food. All proceeds generated from these events go right back into the trails and groomers. We'd like to thank Smith's Hot Dogs and Quality Markets of Mayville for sponsoring this year's event!

 [Comments \(0\)](#)

Trails Closed - Lack Of Base/Warm Weather

Wednesday, December 23, 2009, 10:07:00 AM | admin →

All trails in Chautauqua County are current closed at this time due to lack of base and warmer temperatures in the forecast. Warm temperatures are expected this week, which will make conditions dangerous so please stay off the trails. Colder temperatures are expected after the warm-up, which might harden a base if it's not ruined by riders riding this week. Waiting the extra couple of days will make the trails better in the long run after the temps decrease and we get more snow.

Trail Work Parties - HELP NEEDED

Sunday, November 01, 2009, 3:39:00 PM | admin 

WE NEED YOUR HELP!! We have trail work parties every Saturday and Sunday from Labor Day Weekend until all the signs are up and trails are open. Bring your 4-wheelers, chain saws, or just come and help clear brush, and post trail signs with us. Lunch is usually provided, call Steve Smith at 679-8299(cell)/(clscvp@chautauquasnow.com) or Jeff Richards at 716-753-6960 to get on a scheduled work party. Those who work 15 hours on the trails will receive a 10% Bonus Program Gold Card, and those who work 25 or more hours will earn a 15% Platinum Card. This program makes it easy for the membership and businesses to share the costs of trail maintenance. After all, we both benefit from well maintained and groomed trails!
